Application for Official Plan Amendment
Section 22 of the Planning Act & Ontario
Regulation 543/06 (as amended)

The Official Plan is a mandatory policy document which establishes the land use planning policy direction for growth and long term development in the City of Kenora. An Official Plan amendment, also referred to as an OPA, is required when it is necessary to amend the policies in the Official Plan to allow for new developments that are desirable for the City. The Official Plan is a broader policy document than the implementing zoning by-law, as it establishes the over-arching land use directives for the City.

There are instances where a change, or “amendment”, to the Official Plan may be required or appropriate. These amendments may be a result of changing conditions or objectives, or the desires of individual land owners. Applications to amend the Official Plan are generally submitted and processed concurrently with a zoning by-law amendment.

Applications, together with, at a minimum, the planning rationale (includes discussion of how the application considers the Provincial Policy Statement (2014), meets the intent of pertinent Official Plan policies and other municipal planning documents), are circulated to internal departments, in addition to the required agencies and provincial ministries, the Ministry of Municipal Affairs and Housing (MMAH) in particular. The application is reviewed by the Kenora Planning Advisory Committee (PAC) for a recommendation to Council. Kenora City Council makes the decision on whether or not to approve an application to amend the Official Plan. The appeal process includes notice requirements, per the Planning Act.

Please note that the City has developed a checklist to guide you through the approval/planning process. It is available on the City of Kenora Portal under the Planning and Development section.

Applicants may also need to contact the Department of Fisheries and Oceans (DFO), Ministry of Environment (MOE) or Natural Resource (MNR), depending on the nature of the application. It is the responsibility of the applicant and/or agent to contact these organizations.

FREQUENTLY ASKED QUESTIONS (FAQ)

If someone from the public objects to my application at the meeting is my application automatically refused?

NO. The Council must weigh all evidence presented at the public meeting and make a determination on that basis. Council will use input from the public, section 22 of the Planning Act, the Provincial Policy Statement (2014), the City of Kenora Official Plan (2015) and the Planning Advisory Committee's recommendation, when considering their decision.

Do I get my application fee refunded if my application is refused?

NO. City staff time and costs are incurred regardless of the outcome of the application.

What can I do if my application is refused by the PAC?

You may file an appeal to the Local Appeal Planning Tribunal (LPAT), in accordance with their requirements.

What if my application is approved but a neighbour or other third party is unhappy with the approval?

They have the same appeal rights that you do. Although only residents within a 120m radius of the subject property are circulated notices regarding the application, any member of the public can speak at the meeting or submit written comments to the Council. Any member of the public can file an appeal to the LPAT. Only individuals and/or agencies that make written or oral submissions at or prior to the scheduled public meeting may file an appeal to the Local Appeal Planning Tribunal.

How long does the application process take? (refer to checklist)

The Planning Act requires that a decision must be rendered by Council within 180 days of the application being deemed complete. The length of time is due to the consultation with various departments and agencies that is required. Your approval is not in effect until the 20 day appeal period following the decision has ended. In cases where an appeal is lodged, the decision is not final until it has been dealt with by the Local Appeal Planning Tribunal. Only individuals and/or agencies that make written or oral submissions at or prior to the scheduled public meeting may file an appeal to the Local Appeal Planning Tribunal.

When might an Official Plan Amendment be required?

An amendment to the Official Plan may be required when an individual feels that the nature of the Plan's policies do not recognize the potential of a particular property or impose undesirable limitations.

How is my application evaluated?

Official Plan amendment applications are evaluated by City Council based on Provincial, City and site-specific circumstances. The Kenora Planning Advisory Committee/Committee of Adjustment (PAC) will also make a recommendation on all applications for Official Plan amendments. City Council will use the following planning legislation to base their decision:

Planning Act

The Planning Act is a piece of provincial legislation which allows for municipalities to plan. In general terms, municipalities cannot undertake planning processes that are not explicitly enabled through the Planning Act. The Act sets out the parameters for establishing an Official Plan, Zoning By-law, and other municipal planning documents. The Planning Act spells out required planning processes and associated regulations that are companion to the Act provide greater detail. The Act also elicits that all municipal planning must be undertaken such that it is consistent with provincial interest. Furthermore, the Act specifies that all municipal planning actions must be consistent with the municipality's Official Plan.

Provincial Policy Statement

The 2014 Provincial Policy Statement (PPS) provides a more complete description of provincial interests. As all planning decisions, including those relating to Official Plan amendments, are to be consistent with the Provincial Policy Statement, the document is considered in its entirety when evaluating all Official Plan amendments. Interests such as building strong communities, managing resources and protecting public health and safety are included in the PPS.

Official Plan Policy

The City of Kenora Official Plan includes a broad range of policies that are intended to give direction for the evaluation of applications to change the Official Plan. There are City-wide, area-specific, and land-use-specific policies included for this purpose. These policies serve as a primary resource for evaluating Official Plan amendment applications.

Municipal Guidelines

Many guideline documents have been prepared and adopted by City Council. These documents provide greater detail to articulate and guide the implementation of Official Plan policies. A full list of the guideline documents is available on the City of Kenora's web site.

How can I get involved if I receive notice?

If you have received notice, or have additional questions, about an Official Plan application that may affect you, you should:

- Contact the City of Kenora Planning Department
- Discuss your concerns with Council, when attending the statutory public meeting
- Write to City Council, by the date specified on the notice you received or indicated on the sign located on the subject property

What could affect the outcome of my application?

- Valid objections from neighbours or a third party ("Do not like it because do not like it" is not valid).
- Comments from one or more departments or external agencies:
 - What departments and agencies are circulated?
 - Northwestern Health Unit (NWHU)
 - Roads Department
 - Operations
 - Planning Department
 - Engineering
 - Building Department
 - Parks and Recreation
 - Ministry of Transportation, Environment, Natural Resources
 - Department of Fisheries and Oceans
 - Kenora Hydro (if applicable)
 - Propane operators (if applicable)
 - Others as determined by the City of Kenora
 - Other agencies as stipulated by the Planning Act

PLANNING RATIONALE

A Planning Rationale is a document that will provide an overall description, justification and rationale for understanding the proposed development application, and intended to help the applicant organize and provide written support for the application. The document will assist staff and the approval authority, in the assessment and recommendation for the application. A planning rationale must accompany each application.

What is the purpose of a planning rationale?

A planning rationale is required as part of an application in order to:

- A) Provide a clear description and understanding of the proposal
- B) Provide an opportunity, at the outset, to establish why the proposal should be considered
- C) To highlight important information specific or particular to the application (ie. special history, different circumstances, unique site conditions, etc.)
- D) To enable staff to analyze and prepare recommendations on the application

It is not intended to be a personal analysis or business case for a proposed development, rather it should examine the impact of the proposal on the surrounding area, and vice versa.

Who can prepare a planning rationale?

Depending on the complexity of the application, the information requirements can be addressed in a letter, or a longer report. The material can be prepared by the owner, an agent, the applicant or by a member of a consulting team, depending on the nature of the application.

For a complex application it is recommended that a planning professional be retained to prepare the planning rationale. The benefits to the applicant, of hiring a planning professional, can be significant in presenting the proposal in its best form, which may result in cost and time savings, as well as making the approval process as efficient as possible.

Under what authority can a planning rationale be requested?

The Planning Act, R.S.O. (1990 as revised) gives a Municipality the authority to require that a planning rationale be prepared as part of any development application. The City of Kenora's Official Plan also provides this authority.

What, specifically does a planning rationale contain?

A Planning Rationale shall contain and/or address, at a minimum, the points listed below. The failure to address the following points may result in the application being considered incomplete.

- A) Provide a physical description of the site, including descriptions of current land use(s) and surrounding land uses, context and/or built form
- B) Include a description of the site's planning history, including previous planning approvals and/or agreements (ie. site plan agreement, site-specific zoning by-laws etc.) and provide copies of the pertinent documents
- C) Include a description and overview of the proposal, including any major features or attributes (such as use, height, density, parking, architectural design, natural heritage features, etc.)
- D) Describe the suitability of the site, and indicate reasons why the development is appropriate for the site and will function well to meet the needs of the intended future users
- E) Provide a detailed analysis of the compatibility of the proposed development or land use designation with the existing adjacent developments and land use designations
- F) Provide justification that the proposal is appropriate land use planning, including any details of measures that are to be used to mitigate negative impacts (such as site plan control)
- G) Describe the impact of the proposed development on the natural environment
- H) Indicate the availability of other property already designated for the proposed use, if any
- I) Describe the impact of the proposed development on municipal services (ie. sewage collection and treatment systems, water distribution and treatment systems, utilities, roads, hydro services, parking, community facilities, parks and open spaces etc.)
- J) Indicate whether there are other planning approvals require, and if those necessary applications have been filed (ie. Official Plan or Zoning By-law amendment, Site plan Control agreement, site plan approval, minor variance, draft plan of subdivision or condominium etc.)
- K) Provide a draft of the proposed text and mapping (Official Plan/Zoning By-law amendment only), if applicable

- L) Indicate how the proposed development is consistent with the Provincial Policy Statement (PPS) - (2014) and provide any other Planning Act considerations that are relevant. If you are not familiar with these documents, please contact the City of Kenora Planning Department or access the City's portal, www.kenora.ca or the Ministry of Municipal Affairs and Housing website at www.mah.gov.on.ca
- M) Describe how the proposal conforms to the general purpose and intent and goals of the City of Kenora's Official Plan and complies with the City's Zoning By-law
- N) Describe the way in which relevant Official Plan policies will be addressed, including both general policies and site-specific land use designations and policies
- O) Indicate whether the proposal complies with any other relevant City documents and Planning Policies/Secondary Plans etc. (Black Sturgeon Lake Capacity and Management Report, Waterfront Development Guidelines, etc.)
